- A. Please provide a copy of your new medical certificate to Flight Records via FAAMedicals@ups.com and complete a "Medical Certificate Input" form in MINT at least ten (10) days prior to the end of the month in which it is due. See FOM Volume 1 for more information.
- B. **Note:** First officers on 74Y, 757 SDFZ and MD-11 must hold a First-Class Medical if operating an augmented international flight segment or as part of a double crew. Previously, only the captain and the international relief officer (IRO) were required to have a First-Class Medical.

Flow Process Errors.

It has been brought to our attention that some crewmembers have experienced a "flow process" error when submitting line improvement trip trade (LITT) requests on the Web. We suspect that this is likely due to crewmembers submitting multiple requests simultaneously. To avoid this error, please submit one LITT request at a time.

Optional Crew Vacation (OCV) Coding and JCT.

- A. Previously in CMS, crewmembers that opted into OCV and elected to take their vacation as if on days off would see a "PAYV" activity code displayed on their schedule. The "PAYV" activity code is obsolete in JCT.
- Instead, if you elect to take your vacation as if on days off, there will be no activity code displayed for the week(s) in which your vacation is scheduled.
- B. Formerly in CMS, crewmembers that opted into OCV and elected to drop all duty and be responsible for their schedule in a pay period would see an "OCV" activity code. This activity code is obsolete in JCT as well.
- Instead, duty that conflicts with the scheduled vacation will be dropped with the "VAC" activity code and all other duty will be dropped using no activity code.

Optional Crew Vacation (OCV) Opt-in and Election.

- A. **Note:** All crewmembers that have vacation scheduled in the bid period and wish to utilize OCV will need to opt-in to OCV following the primary bidding and awarding processes for their respective seat type.
- B. Once you have opted-in to OCV, you will make your individual election based on your primary award. Please review the bid package timeline for details relevant to your respective seat and awarded line type.
- LINE and reserve awardees will make their election following the primary award.
 - VTO awardees will make their election following the secondary award.
 - VTOR awardees will make their election following the tertiary award.
- C. **Note:** If you are awarded a VTO or VTOR line and you will be flying during your respective line type's OCV election window (and are subsequently unable to make your election), you will need to contact Transition Scheduling **PRIOR** to operating to communicate your desired election type.

- D. The OCV opt-in and election processes are automated. For additional information, access the "Crew Contract Training 2017/2018" PDF document on the UPS Flight Operations website under the "Home" tab.

Self-adjustment, Line Improvement Trip Trade(s) (LITT), and International Trips.

- A. During the self-adjustment and LITT processes, first officers who request to pick-up from open time (during self-adjustment) or trip trade with open time (during LITT) for a trip that contains an international flight segment that requires an augmented or double crew need to select "FFP" if their First-Class Medical is set to expire during that bid period.
- B. If "FFP" has not been selected, the request will be automatically denied by the system.

Seniority List Information.

- A. Updated seniority lists will be posted to the UPS Flight Operations website per the bid package timeline. This list is to be used for bidding purposes only; please review and adjust your bids accordingly.
- B. The "NB" code is used to denote a no-bid status for a crewmember, and the code appears to the left of a crewmember's name under the "CD" (i.e., code) column.
- If the "NB" code is present, that crewmember is not expected [at the time the bid package is published] to be bidding a schedule for the bid period.
 - Note:** We recommend that all other crewmembers (that do not have a "NB" code next to their name) bid for additional lines in the event no-bid crewmembers' status changes after the bid package is published.
- C. Crew Pairing Validation
- If you are new to a seat or fleet type (i.e., requiring consolidation) and have not received or are not projected to receive 75 hours of operating experience on your designated fleet type by the first day of the bid period, you will not be awarded a line that would pair you with a captain that is consolidating.
 - This meets the requirements demanded by CFR 121.438b ("Crew Pairing") and Article 13.L.3.d.
 - Note:** In the 11-day period from when the bid package is published until captain primary awards are made, some crewmembers projected consolidated hours may change.
 - For this reason, projected consolidation hours are re-calculated at the time first officer primary awards are made.
 - Viewing the captains' primary bid awards to confirm a captain's consolidation status may assist consolidating first officers in considering what bids to submit in efforts to avoid an undesirable primary bid award.
 - An asterisk code will appear on the bid award lists for consolidating crewmembers.

General Information

When Bidding.

- A. We strongly advise that you maintain a record of your submitted bids.
 - i. You are responsible for your bid submissions. Insufficient and/or erroneous bid submissions may result in an undesirable bid award. Please bid carefully.
- B. When placing your bids on the Web, ensure that you record your bid verification number, which is provided with each bid submission.
- C. If you contest your bid award, the Company will require your bid verification number.
 - i. To contest your bid award, contact Transition Scheduling and either speak to an employee, leave a voicemail, or submit an email to the Transition Scheduling team email address (**PREFERRED**).
 - ii. See the bid package timeline for the bid contesting cut-off date and time for your respective seat type.

Bidding and Retirement.

- A. If you are turning 65 and retiring in a bid period for which you are still able to bid to fly, you will not be paid for the duty on your bid line that occurs after your retirement date and/or your 65th birthday (i.e., mandatory FAA retirement age).

Bidding for Pay Only.

- A. Crewmembers that are, e.g., in long-term training, acting as instructors, or have been bypassed for a system award have the option to bid for pay only and days off.
- B. **Note:** If you are eligible to bid for pay only (and subsequently days off), you will utilize the “Pay Only Bid” link under the “Bidding” section on the Web.
- C. **Note:** Crewmembers who qualify as “upgrades” and want to bid their old seat for pay must do so during the primary captain bid window.
 - i. All other pay only-bidders must submit their bids during the primary bid for the applicable seat type so that bids can be compared to all other crewmembers of that seat type.
- D. After primary bidding has ended and primary awards have been made, you will receive a notification confirming your pay only-award; a copy of pay only information will be forwarded to Quality Assurance (QA).
- E. **Note:** All questions regarding pay only-bidding should be directed to the Crew Staffing department. See the “Department Directory – Support” page for contact information.

Bidding for Lines with International Relief Officer (IRO) Duty.

- A. This is a reminder for first officers that may be awarded a line containing pairings with IRO duty. Lines containing first officer-only pairings constructed to support IRO requirements are labeled as being available for first officers only in the bid package.
 - i. These lines will **NOT** be awarded to captains.
- B. **Note:** There are existing system limitations that prevent the Company from identifying all IRO duty in transition (i.e., carry-out) pairings, specifically the portion that carries out.

Bidding for Short-term Training (STT).

- A. If you are scheduled for recurrent training (e.g., SVT, PT, CQ, or Captains Leadership Workshop), you will receive a training bid package with scheduled training events that meet your specific training requirements.
- B. Your preference for training dates will be confined to the **TRAINING BID PERIOD**, not the **BASE MONTH**, shown on your individual training notification.
- C. Recurrent training preferences may be submitted via the Web.
 - i. STT bidding will close the day after the primary bid awards are posted to the Web for your respective seat type—refer to the bid package timeline.
 - ii. Training dates will be awarded in seniority order.
 - iii. If you are a crewmember with an advanced ANC, MIA, or ONT base, a deadhead to/from your training event will be provided.
 - (a) Those crewmembers should contact Training Scheduling for details regarding hotel and travel arrangements once awarded training.
- D. **Note:** There is only one training bid on file per crewmember. If you are bidding for multiple STT events in the same bid period, you must submit your preferences for all events in the same bidding transaction. If you resubmit a training bid, you must enter all STT preferences again.

Bidding for VTO/BRL Lines.

- A. Crewmembers that are awarded a blank VTO line during the primary bidding and awarding process will bid a second time during the secondary bid for their seat.
- B. VTO/BRL lines will be available for each respective F/S/D by the dates and times listed on the bid package timeline.
 - i. VTO/BRL lines constructed for secondary bidding will be available on the Web through the “VTO/RDG Lines” link under the “View Schedules” section.
- C. Once you have reviewed the VTO/BRL lines specific to your F/S/D, you will submit your bid preferences on the Web via the “VTO Bid” link under the “Bidding” section. Please submit a sufficient number of bid preferences.
 - i. **Note:** The VTO/BRL lines constructed by the Company and posted to the Web for secondary bidding will **NOT** be numbered according to the VTO/BRL line award you received during the primary award; they generally begin with line “1” for each respective F/S/D.
 - (a) That is, the VTO/BRL line that you were awarded during the primary award does not correlate to your seniority nor does it predicate your bidding order relative to other secondary bidders of your F/S/D.
- D. After secondary bidding has ended and secondary awards have been made, you will receive a notification of your award. All awards can be viewed via the “View Bid Awards” link under the “Bidding” section on the Web. See the bid package timeline for specific dates and times relevant to your F/S/D.

General Information

Partial VTO Lines.

- A. One-pay period VTO lines may be published in the bid package for two-pay period bid periods for some F/S/D.
- B. In such instances, one of the two pay periods will contain scheduled duty awarded during the primary bidding process and the other pay period will be blank.
- C. Crewmembers awarded a partial VTO line during the primary bidding and awarding processes will have an opportunity during the secondary bidding process to bid for the other half of their schedule. Review the bid package timeline for relevant dates and times for your respective F/S/D.
 - i. During the secondary bidding process, you may only bid for published VTO lines that have assigned duty in the pay period that corresponds to your blank pay period—you cannot bid for a VTO line with assigned duty in both pay periods.

Bidding for VTOR Lines.

- A. Crewmembers that are awarded a blank VTOR line during the primary bidding and awarding process will bid a second time during the tertiary bid.
- B. VTOR lines will be available for each respective F/S/D by the dates and times listed on the bid package timeline.
 - i. VTOR lines constructed for tertiary bidding will be available on the Web through the “VTOR Lines” link under the “View Schedules” section.
- C. Once you have reviewed the VTOR lines specific to your F/S/D, you will submit your bid preferences on the Web via the “VTOR Bid” link under the “Bidding” section. Please submit a sufficient number of bid preferences.
 - i. **Note:** The VTOR lines constructed by the Company and posted to the Web for tertiary bidding will **NOT** be numbered according to the VTOR line award you received during the primary award; they generally begin with line “1” for each respective F/S/D.
 - (a) That is, the VTOR line that you were awarded during the primary award does not correlate to your seniority nor does it predicate your bidding order relative to other tertiary bidders of your F/S/D.
- D. After tertiary bidding has ended and tertiary awards have been made, you will receive a notification of your award. All awards can be viewed via the “View Bid Awards” link under the “Bidding” section on the Web. See the bid package timeline for specific dates and times relevant to your F/S/D.

Voluntary Leaves of Absences (VLOA) and Reduced Guarantee Lines (RDG).

- A. Please review Article 13.D.13.a for information pertaining to VLOA and Article 13.D.13.b for information pertaining to RDG, if applicable.
- B. *“The Company shall have the right to solicit and obtain volunteers for a VLOA...Crewmembers will be awarded these...VLOAs by seniority, by fleet, seat, and domicile...VLOAs shall begin and end on the first and last day...of a bid period.”*
 - i. *“Crewmembers interested in a [short-term] leave of absence must submit their request no later than forty-one (41) days prior to the first day of the bid period.*

VLOA awards will be made by 1700 SDF time, forty (40) days prior to the beginning of the bid period. VLOAs will be awarded in seniority order by F/S/D.”

- C. Only crewmembers who are awarded RDG for the bid period will be eligible to bid for an RDG. Awardees for the bid period will be identified on their respective seat’s seniority list with “RDG” to the left of their name.
 - i. *“Crewmembers interested in RDG lines must submit their request no later than forty-one (41) days prior to the beginning of the bid period. Blank RDG lines will be awarded twenty-four (24) days prior to the first day of the bid period for captains and twenty (20) days for first officers.”*
 - ii. RDG awardees will not bid during the primary or secondary bids. Instead, RDG lines will be emailed to applicable crewmembers during the tertiary bid (i.e., VTOR/RDG) for bidding and the awards will be made manually in seniority order.
 - (a) In the event there is only one RDG line to be awarded, the line will be assigned to the crewmember with no bidding required.
 - (b) Please familiarize yourself with notable dates and times relevant to the RDG bidding process listed on the bid package timeline.
 - iii. RDG crewmembers may bid-to-conflict with carry-in trips and training events. They cannot, however, bid-to-conflict with vacation; rather, *“...vacation shall not be taken, but instead will be paid [out at] 3:00 hours per day(s) of vacation.”*
 - iv. *“If there is a need to restore [a deficit resulting from a conflict], the Company shall not be limited to the crewmember’s original duty days.”*
 - (a) *“...However, the crewmember shall elect either to have the Company restore credit value for the conflict or not. If they decline the option to have the Company restore the value of the dropped trip, credit value for the dropped trip will be deducted from their guarantee or bid line credit, whichever is greater.”*
 - (b) *“The crewmember shall notify the Company of [their] election not to be restored prior to the beginning of the Company’s [deficit] restoration period”* as outlined in the bid package timeline.

Reserve Move-up Lines (RMUL) and Simulator Support Lines (RSIM).

- A. Please review Article 13.B.5.a if you are interested in the possibility of being awarded RMUL or RSIM. Your preferences for one or the other or both should be submitted via the Web in accordance with the dates and times listed on the bid package timeline.
- B. *“The Company may, at its discretion, choose to build reserve move-up lines or simulator support lines...Reserve move-up lines and simulator support lines may be constructed for the entire bid period or one (1) of either of the two (2) pay periods.”*
- C. Available RMUL and RSIM preferences are as follows:

Preference Options	Explanation of Preference
1 st	Will be considered for RMUL/RSIM in first pay period only.
2 nd	Will be considered for RMUL/RSIM in second pay period only.
Both	Will be considered for RMUL/RSIM for entire bid period.
Any	Will be considered for RMUL/RSIM for any of the above.

General Information

- D. Lines will either be emailed to crewmembers that have requested an RMUL/RSIM for the bid period, for bidding, or lines will be automatically awarded if bidding is not required (e.g., there is only one RMUL/RSIM built for any given F/S/D, which will be awarded to the highest senior crewmember that requested an RMUL/RSIM).

Transition (i.e., Carry-in) Trips and Conflict.

- A. Please review Article 13.D.10.a-b if you have a trip that extends into the next bid period and are **NOT** awarded a reserve line in the new bid period.
- B. Transition trips will be flown to completion.
- C. If there is a conflict between the transition trip and a new bid line trip (for contractual or CFR reasons), the new bid line trip will be dropped, and a deficit may be created.
- Per Article 13.D.10.a, *“...the lack of a full period of domicile rest between trips shall not be considered a conflict.”* That is, a crewmember need only receive minimum domicile rest.
 - Conflict between a transition trip and a new bid line trip(s) that creates a CFR will always result in the bid line trip(s) being dropped.

Transition (i.e., Carry-in) Trips and Reserve Lines.

- A. Please review Article 13.D.10.f.(1)-(2) if you are awarded a reserve line in the new bid period **AND** you have a transition trip that carries-in from the current bid period into the new bid period.
- B. If applicable, you will have the option to move reserve days to/from the transition trip if the trip occurs entirely on day(s) off or partially on scheduled days of reserve duty.
- Note:** This is not applicable to VTO/BRL (i.e., LCO days) or VTOR/RDG line holders.
- C. A failure to notify Transition Scheduling about your preference by the end of your respective seat's self-adjustment period by **EMAIL** will warrant action by the Company in accordance with Article 11.D.10.f.(3).

Vacation and Training Adjustments.

- A. Please review Article 13.D.5.a-c if you have a trip that conflicts with awarded vacation/training and Article 11.E.7 if you have a trip that conflicts with awarded vacation.
- B. A trip that conflicts with vacation/training will be dropped in its entirety if the trip does not transit the domicile.
- “If the trip transits the domicile, the remaining portion of the trip will be dropped at the point it last transits the domicile prior to the start of [the] required release time for vacation/training, and/or the crewmember will be placed back on the trip at the point it next transits the domicile following vacation/training.”* This may result in a deficit.
- C. *“A crewmember who has a trip which extends up to two (2) days into [their] vacation period, at either its beginning or its end, may elect to fly the trip rather than have it dropped from [their] bid line.”*

- D. If you choose to utilize options available to you in either Article 13.D.5.c or Article 11.E.7, you must notify Transition Scheduling by **EMAIL** before the end of the self-adjustment window for your respective seat and awarded line type. See the bid package timeline.

Pay Protected (PP)/Non-pay Protected (NPP) Credit Deficits and Deficit Restoration.

- A. Please review the provisions found in Articles 11.G.5.h., 13.C.3, 13.D.5.c-d, and 13.D.10.b as they pertain to conflict, credit deficits, self-adjustment, and deficit restoration.
- B. Crewmembers that have a credit deficit greater than 5:00—be it PP or NPP—will be eligible for self-adjustment and/or subject to deficit restoration in accordance with the bid package timeline unless they choose one of the following NPP-specific options:
- Choose to not have their NPP credit deficit restored at all.
 - Convert their PP credit deficit to a NPP credit deficit (i.e., waive pay protection) and choose to not be restored at all.
 - Use BV days to cover all or part of the NPP credit deficit.
 - Note:** A crewmember that incurs an NPP credit deficit will have that credit deficit deducted from their pay in the fourth pay period after the credit deficit occurs.
- C. Credit deficit information will be available to crewmembers, on the Web, at the beginning of the self-adjustment window for your respective seat and awarded line type.
- D. If you elect to self-adjust, you will submit your requests via the Web through “Pickup from Open Time” under “Schedule Adjustments”.
- Credit can only be restored in the pay period(s) affected by the conflict(s); also, trips may be outside of the “deficit footprint” of the original dropped trip.
 - You will be eligible to submit requests during the allotted timeframe detailed on the bid package timeline as “...self-adjustment begins” and “...self-adjustment ends” for your respective seat and awarded line type.
 - Requests will be submitted with one trip per request and should be submitted in the order you would want them approved; open time will be awarded in seniority order for your respective F/S/D.
 - Requests must meet contractual and CFR guidelines.
- E. Credit deficits resulting from a carry-in conflict may be restored to within 5:00 of the total deficit amount but cannot be greater than 5:00 over the total deficit amount.
- F. Credit deficits resulting from vacation/training conflicts may be restored to within 5:00 of the total deficit amount but cannot exceed the total deficit amount.
- G. If a crewmember's deficit is not restored to within 5:00 of the total deficit amount, the Company retains the right to add more credit restoration flying to your line, remove your self-adjustment trip(s) and re-assign trips of greater credit value, or leave your line as is.
- H. For captains:
- Until the times defined in Articles 13.C.3.h (LINE), 13.C.3.j.(1) (VTO/BRL), and 13.D.13.b.(2).(a) (VTOR/RDG) are reached, trips assigned by self-adjustment or for deficit restoration are not final. Refer to bid package timeline.
- I. For first officers:
- Until the times defined in Articles 13.C.3.i (LINE), 13.C.3.j.(2) (VTO/BRL), and 13.D.13.b.(2).(b) (VTOR/RDG) are reached, trips assigned by self-adjustment or for deficit restoration are not final. Refer to bid package timeline.

General Information

Deficit Restoration Advisement and Viewing your Schedule.

- A. You will be able to first view your future schedule during the self-adjustment period for your respective seat and awarded line type outlined in the bid package calendar.
- B. Outside of the self-adjustment period for your respective seat and awarded line type, your future schedule will be available for you to view ten (10) days prior to the beginning of the new bid period.
- C. When the self-adjustment and deficit restoration periods for your respective seat and awarded line type conclude, you will receive a **BLANKET** Crew Message that indicates that some part of or all your deficit has been restored for the new bid period.

Line Improvement Trip Trades (LITT).

- A. Each respective seat type has a day designated for them to submit LITT requests that may only include trip trades with open time—requests including other forms of schedule adjustment (e.g., pick-ups from open time) will be denied.
 - i. CFR and contractual guidelines must be adhered to for the request to be considered for approval. Consider selecting “FFP” in instances where a contractual violation may prevent your request from being approved.
- B. **Note:** The intent of LITT is for a crewmember to improve their line, NOT to significantly increase their line credit.
- C. Please review your bid package timeline for relevant details.

Schedule Changes (Revisions) during the Bid Transition.

- A. **Note:** Numerous departure time and routing revisions take place during the bid transition process. A line could contain a pairing that has been modified since it was originally published in the bid package for your respective domicile and fleet type. Be certain that you confirm all details of your schedule once finalized.
- B. **Note:** Crew Scheduling may not notify you for any flight departure schedule revisions that are less than 10-minutes difference.

Booking Commercial Travel.

- A. Most commercial travel can now be reserved 24/7 using the “Plan Commercial Travel” link under “Ticket Info” on the UPS Flight Operations website.
- B. If you choose to not book your commercial travel on the Web or cannot, utilize the contact information for Altour on the “Department Directory – Operations” page.
 - i. Be prepared with your flight information before contacting Altour.
 - ii. To book commercial travel outside of 48:00, contact Altour’s main office Monday through Friday from 08:00 until 00:00 Eastern.
 - iii. To book commercial travel inside of 48:00, contact Altour’s on-site office at the GOC any time of any day (staffed 24/7).
 - iv. To reduce wait time, contact before 11:00 or after 14:00 Eastern when possible.
- C. If you are not signed up for auto-issued commercial tickets and wish to fly as scheduled (FAS), download the “Ticket Policy Form” located under the “Home” tab of the UPS Flight Operations website under the “Travel/Hotel” section.

- i. Complete the form and forward it to Crew Logistics using fax, house mail, or scan/email.
- ii. The Company’s travel agency will still need to be contacted to confirm FAS flight information.

- D. **Note:** Crew Scheduling should only be contacted for commercial travel arrangements in the event of an emergency.

Deviation from Scheduled Deadhead.

- A. Please review Article 13.H.5 for deviation procedures, notably Article 13.H.5.b.
- B. *“A crewmember shall notify the Company through its Travel Agency of [their] intention to deviate from a scheduled deadhead by using alternative air transportation, no later than seven (7) days prior to the show time of the originally scheduled trip unless the trip assignment is made with less than seven (7) days’ notice. In such event the crewmember shall provide as much notice as possible. If the crewmember does not contact the Company by the seventh day [they] shall not have the right to credit or debit [their] travel bank...”*
- C. This policy does not guarantee a commercial ticket if there is a schedule change whereby a commercial ticket is no longer authorized.
- D. The crewmember is responsible for canceling any commercial ticket reservations that will not be used, through the Company’s travel agency.
- E. **Note:** Any unauthorized charges will result in a payroll deduction.

Jump Seat Administration.

- A. Published UPS must-ride jump seats for crew positioning are automatically booked 13 days prior to the scheduled flight.
- B. Requests for jump seats for, e.g., commuting, leisure, or personal reasons, may be booked 12 days prior to the scheduled flight for crewmembers and ten (10) days prior to the scheduled flight for qualified individuals.
- C. Utilize the “Jumpseat” option on the Web and/or the jump seat desk found in the ASC to update your jump seat status.

Hotel Cancellation Policy.

- A. Crewmembers should contact the Company 24:00 prior to the local date and time of arrival for domestic layovers and 48:00 prior to the local date and time of arrival for international layovers if they wish to cancel hotel accommodations.
- B. All requests to cancel hotel accommodations should be emailed to crwtran@ups.com.
 - i. Provide your full name, GEMS ID, the date(s) of your layover, and the location of your layover when submitting such requests.
 - ii. **Note:** This email address is not monitored 24/7. Please make a concerted effort to submit requests between 08:00 and 17:00 Eastern Monday through Friday.
- C. Crewmembers should contact the Company as soon as possible to reinstate cancelled hotel accommodations if it is determined that the accommodations will be needed.
- D. If your line undergoes a revision as the result of network changes, no action by the crewmember is needed; these events are accounted for by JCT and API.

General Information

Dayroom Procedures.

- A. Please review Article 5.H.1.f for complete information about requesting dayrooms as required by Article 5.H.1.a.(1).
- B. In-transit stops that are scheduled to be greater than 5:00 block to block will result in a dayroom automatically being booked for the crew.
 - i. If you are scheduled for an in-transit stop between 2:01 and 5:00 block to block, you are not in, e.g., ANC, BDL, CGN, DFW, EWR, IAH, MCO, MIA, ONT, PHL, RFD, or SDF, and you wish to request a dayroom, then refer to the below procedures for requesting a dayroom.
- C. *“Notification of the need for a dayroom shall be, at least, 24:00 hours prior to scheduled arrival [to] ensure availability. If less than 24:00 hours’ notice is provided, the Company will make its best efforts to obtain a room.”*
- D. Internationally, crews should not contact the gateway to request a dayroom. All requests must go through Crew Scheduling.
- E. **Note:** To submit a dayroom request please go to the website provided below or scan the QR code with your phone:
 - i. <https://forms.office.com/r/wZp98PMJ1U>

- F. Best practice is to contact Crew Scheduling via the Microsoft Forms link above with your dayroom request as far in advance as possible—preferably 72:00 prior to arrival.

Ground Transportation.

- A. Domestically, it will be the responsibility of the crewmember to contact contracted hotels and ground transportation vendors for **ALL** scheduled or unscheduled commercial arrivals/departures at the beginning or the end of a trip.
 - i. Crewmembers traveling by commercial deadhead should contact their scheduled layover hotel or ground transportation vendor to confirm their pick-up from the commercial terminal or hotel no fewer than 24:00 prior to arrival/departure.
 - (a) Provide the ground transportation vendor with your inbound flight number and scheduled arrival time or your outbound flight and scheduled departure time. This allows the vendor to plan accordingly.
 - (b) Waiting to contact a ground transportation vendor or hotel after arrival could result in a lengthy wait due to vehicle availability and travel distance. Prevent post-flight pick-up delays by planning in advance.
- B. Internationally, if requested by the crewmember, the Company will contact the appropriate vendor(s) and arrange ground transportation.

- i. Requests for assistance in arranging ground transportation internationally can be emailed to crwtran@ups.com during normal business hours Monday through Friday. Outside of these days/times, contact Crew Scheduling for assistance.
- C. **Note:** To identify whether the hotel or a ground transportation vendor provides transportation in a specific layover location, access the “Crew Hotels” link on the UPS Flight Operations website under the “Home” tab and “Travel/Hotel” section and enter your gateway.
 - i. Pick-up times from the hotel are as follows:
 - (a) Domestic (contiguous 48)—1:30 prior to scheduled departure.
 - (b) International (+ANC, HNL, and SJU)—2:00 prior to scheduled departure.
 - (c) **Note:** There are exceptions for intra-Europe, intra-Asia, and MIA pairings.
- D. Ground transportation that is associated with a co-terminal immediately before/after a scheduled UPS flights will be arranged by the Company.
 - i. A list of Company approved co-terminals (and the time between them) can be found under the “Home” tab of the UPS Flight Operations website under the “Travel/Hotel” section. See the “Approved Co-Terminals” document.
 - ii. There is an optional scheduled bus service between the ORD and RFD gateways when commercial travel is involved. Bus tickets may be picked up at the jump seat desk in SDF or mailed to your address on file.
- E. **Note:** If a crewmember encounters difficulty arranging ground transportation for commercial arrivals/departures—whether its domestic or international—they may contact Crew Logistics or Crew Scheduling for assistance.
- F. If a ground transportation vendor is a no-show, contact Crew Scheduling as soon as possible.
- G. **Note:** Notify Crew Logistics if you encounter rides provided by contracted ground transportation vendors shared with non-UPS individuals. Scheduled UPS flights are confirmed for exclusive service with these vendors (not including hotel shuttles).

Crew Van Transportation.

- A. See the “Department Directory – Operations” page for contact information for requesting van service.
- B. Crewmember Edgewood Service:
 - i. Continuous service is available Monday A.M. through Saturday A.M. between the hours of 08:00 and 16:00 Eastern and 23:00 and 04:00 Eastern. You do not need to request service during these hours.
 - ii. For service during off-hours, contact van service.
- C. Passenger Terminal Service:
 - i. To obtain transportation from the Edgewood security facility to the SDF passenger terminal, contact van service.
 - ii. For transportation from the SDF passenger terminal to the Edgewood security facility, you may use the direct telephone line at the SDF passenger terminal.

American Express Credit Cards (AMEX) and Travel.

- A. Crewmembers are required to carry their company issued AMEX when on duty.
 - i. The AMEX is provided for, e.g., emergency commercial ticket purchases, excess baggage fees, and approved train use in Europe in lieu of commercial travel or ground transportation.
 - ii. The AMEX should not be used for, e.g., deviation, commercial travel class upgrades, unauthorized transportation, and miscellaneous charges.
- B. Crewmembers may use their AMEX for up to two checked bags and reasonable weight allowance exceedances. Any overages will be payroll deducted.
- C. Crewmembers are permitted to use their AMEX to purchase train tickets and/or light rail service in lieu of a scheduled commercial flight or ground transportation within Europe.
 - i. The train and/or light rail must begin at the same origin as the commercial ticket and end at the next operating city or a co-terminal to that city.
- D. An AMEX may be used by crewmembers for time sensitive travel related to Company business, but only as authorized by the Company.
- E. Your AMEX may be used for emergency hotel accommodations, but only as authorized by the Company.
 - i. When your AMEX is used in such a manner, a receipt for hotel accommodations must be forwarded to kmcbridgrooms@ups.com at the end of the trip.
- F. When warranted, Crew Logistics or Crew Scheduling can direct an affected crewmember to go to a ticket counter to purchase, with their AMEX, a commercial ticket for travel.
- G. AMEX charges for unauthorized purchases will be payroll deducted.
- H. When a crewmember first becomes aware that their AMEX has been lost, stolen, or damaged, they should contact Crew Logistics (see "Department Directory"). During non-business hours a voicemail should be left and American Express should then be contacted at (800) 528-2122.

- A. If you are interested in being contacted for test flight support, you can indicate your preference with either "Yes" or "No" via the Web under "Preferences".

Hot Standby (HSBY) Procedures.

- A. If you are a FFDO and are awarded a HSBY line, ensure you are familiar with information regarding HSBY found in the FFDO SOP before reporting for duty for your HSBY assignments.

U.S. Military Charters.

- A. **Notice:** CFR 52.247-63 Preference for U.S. Flag Air Carriers in accordance with Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118 Fly America Act) requires that all federal agencies and government contractors and subcontractors use U.S. flag air carriers for U.S. government-financed international air transportation of personnel or property, to the extent that service by those carriers is available.
- B. Crewmembers flying U.S. military charter missions should use U.S. flag air carrier or alliance member transportation to position to or de-position from their trips.
 - i. When booking commercial airline tickets, please inform Altour that you are positioning or de-positioning to operate a U.S. military charter mission. Altour will book your travel accordingly and document the reservation.
- C. Current UPS flight numbers associated with U.S. military charters are UPS 155x or UPS 156x series; locations may include but are not limited to ROZ, RMS, NSY, BAH, and JIB.

Reserve Day Callout Time Designation.

- A. The tables below are representative of reserve callout periods; reserve assignments are usually given to reserve crewmembers in Zulu time (z-time) (UTC).
 - i. If you are awarded a reserve line, refer to your schedule on the Web for the z-times of your reserve callout period.
- B. Each reserve type will be provided 24-hours free from duty in a rolling 7-day [z-date] period. This duty-free period will be provided only when required.
 - i. If you are assigned a trip which contains a rest period greater than 24-hours, that rest period will serve as your required break.
- C. Crewmembers on a reserve assignment must report to Crew Scheduling upon completion of their reserve assignment.

Schedule Adjustments during the Bid Period.

- A. **Note:** Once the bid period begins, all manner of schedule adjustments will be dealt with by Future Scheduling, **NOT** Transition Scheduling.

- i. This includes but is not limited to the following: pick-ups from open time, trades (including trips, reserve days, and/or LCO days) with open time, PNF/FNP, trip transfers between crewmembers, moving reserve and LCO days, trip board transfers, and restoring sick and military leave.
- B. When requesting a schedule adjustment via the Web, you should receive a confirmation number regardless of whether the request is approved or denied. We advise you to take note of this confirmation number, particularly if the request is denied and you intend to question the denial—you will need the confirmation number to submit a schedule adjustment inquiry.
 - i. If you do not receive a confirmation number after submitting a schedule adjustment request, you will need to contact Future Scheduling to verify that the request was received and/or obtain the confirmation number.
- C. Crewmembers that have trouble submitting a schedule adjustment request through the automated system may submit an exception form via the Web.
- D. If you wish to bank credit for future sick or military leave or restore sick or military leave, refer to Articles 9.A.4 and 9.G.3-5.
- E. If you were awarded a VTO line and you wish to trade LCO days for open time, please review Article 13.B.3.b.
- F. If you were awarded a VTOR line and you wish to trade reserve days for open time, please review Articles 13.B.3.b and 13.B.3.g.(1).(g).
- G. If you wish to trade HSBY assignments, please review Article 13.B.4.f.
- H. If you wish to trip trade with another crewmember, please review Article 13.D.2.a.
- I. If you wish to request a PNF/FNP, please review Article 13.D.2.b.
- J. If you wish to request a trip trade with open time, please review Article 13.D.3.
 - i. All trip trades are treated as “all or none”; that is, a trip trade is comprised of one or more trips to be dropped and one or more trips to be picked-up. If any of the trips to be picked-up have been revised or are not available, or a crewmember is illegal for contractual or CFR reasons, the entire request will be denied.
 - ii. Crewmembers may not request to trip trade with open time cross-domicile; however, crewmembers can request to pick-up open time across domiciles within 96:00 of the start of HSBY or the departure time of a trip.
- K. Requests to move reserve or LCO days should be submitted no more ten (10) from the day in which you would like to move the reserve or LCO days **OR** no more than ten (10) days from the block of reserve or LCO days you would like to move (if you are going to request to move those days later in the pay period).
- L. Crewmembers can trade for transition trips (from bid period to bid period) at the times detailed in the bid package timeline. Remember that trips picked up must equal or be more than the number of days being dropped.
- M. If you wish to cancel a scheduled adjustment request, you will need to access the “Review Requests” link under the “Scheduled Adjustments” heading on the Web. From there, select your criteria (i.e., request status, request type, and pay period), locate the request and cancel it.
